

$\kappa = 2 \quad \phi = 50$

The image displays a rectangular heatmap with a smooth horizontal color gradient. The left side of the image is a deep red, which transitions through orange and yellow in the center to a vibrant green on the right side. The color change is continuous and lacks any sharp boundaries or discrete patterns. In the upper-left corner, the text $\kappa = 2 \quad \phi = 50$ is printed in a black, serif font.
